

FragmentActivity

OnMapReadyCallback

com.jack.motorbikestatistics.**MapsActivity**

```
classDiagram
    class FragmentActivity
    class OnMapReadyCallback
    class MapsActivity["com.jack.motorbikestatistics.MapsActivity"]
    MapsActivity --|> FragmentActivity
    MapsActivity --|> OnMapReadyCallback
```

The diagram illustrates the relationship between three classes. At the top, there are two boxes: 'FragmentActivity' on the left and 'OnMapReadyCallback' on the right. Below them, centered, is a box labeled 'com.jack.motorbikestatistics.MapsActivity'. A horizontal line with upward-pointing arrows at both ends connects the bottom of the 'FragmentActivity' box to the bottom of the 'OnMapReadyCallback' box. A vertical line descends from the center of this horizontal line to the top of the 'com.jack.motorbikestatistics.MapsActivity' box, indicating that 'MapsActivity' inherits from both 'FragmentActivity' and 'OnMapReadyCallback'.
